THE ASSOCIATED PRESS — German U-boats while Britain was upset by France has scored losses among shipping and tonnage record — record period from 13 as escort ships a withdrawal. Britain and other Allied were from Brest to Lorient — cost an estimated £10 million. It is believed that Italian ships are helping the renewed undersea imports of foodstuffs for Britain last month in April 1917 at the unrestricted war — Britain lost 600,000 tons. At end kingdom had its supply of food.

Marion Building Permits Set Another High Mark

Greatest Activity in Construction Since 1929 Seen as 31 Projects Estimated at \$98,092 Are Listed.

Indicating that Marion is now in the midst of the greatest building boom since 1929 property owners last month took out permits for building projects which will cost an estimated \$98,092 records of City Clerk Walter S. Guthrie show.

Thirty-one permits were taken during June for building ranging in cost from \$10 to \$75,000 representing the best month both in the number of permits and total estimated cost since the depression started in June last year. Only seven permits were issued in this total \$405.

Outstanding in the list of June permits was one for \$75,000 issued to the Isla's Dairy Co. for a new plant and retail store at 365-373 East Center street. But over and

above this exceptionally large permit the month's total is the second largest in the last decade being exceeded only by the \$25,582 listed by permit applicants during May.

Other Large Ones

In addition to the large permit others were issued for projects to cost more than \$10,000. One of these was issued to Elmer Fitts and Mrs. Stout for an apartment building on Mt. Vernon avenue to cost approximately \$10,000 and another was issued to Leslie Adams for a residence on Bradford street to cost approximately \$3,000. The Pure Oil Co. took out a \$4,000 permit for a filling station on Davids street.

The Isla structure is to get under way in the fall while the other projects for which permits were taken out last month are now either under way or are to be started in the near future.

High 6-Month Mark

In the first six months of 1940 the building costs listed by permit holders totaled \$141,692 a substantial increase over the \$114,664 for the entire year of 1939.

On the basis of these figures one closely associated with the building industry in Marion predict that the construction costs for the entire year of 1940 will pass the \$200,000 mark and possibly will amount to twice the figure spent for building in the city last year.

That the upturn has been steady since the first of the year is shown in comparative figures for the first six months as follows: January three permits for \$1,325; February seven permits for \$2,036; March 11 permits for \$8,805; April 27 permits for \$7,655; May 26 permits for \$25,582 and then June 31 permits for \$98,092. Even the figures for the lowest months January and February were higher than the average for the same months during the preceding 10-year period records of the city clerk show.

Other June Permits

In addition to those given above those who took out permits during

LIFE TERMS BEGIN FOR PHILLIPS, WHITT

Taken to Penitentiary Two Days Ahead of Schedule.

Ohio penitentiary gates opened today to admit Ivan Phillips 33 of Marion and Elmer H. Whitt 27, Columbus former Marionite who yesterday were sentenced to life imprisonment for the \$30,110 robbery of the Central Trust Co. branch bank at Cincinnati, May 28.

Their commitment to the century old penal institution came just 35 days after the crime for which they were sentenced and exactly a week after they were found guilty by Common Pleas Judge Dudley M. Outcalt. Neither chose to take the stand in his own defense, nor was any defense offered in the prisoners behalf.

They stood only upon the ground that the indictment did not charge a felony under the statute. Their last hope was erased yesterday when Judge Outcalt ruled a motion for a new trial and then passed sentence. No indication was given by the defense counsel of possible plans for a further appeal.

Aroused early this morning by attendants at the Hamilton county jail where they have been quartered the duo was informed that they were to be committed to the penitentiary today. Earlier plans had fixed Thursday as the day for transfer of the prisoners to Columbus but the schedule was altered because of the July 4th holiday.

John Behle, Hamilton county's chief deputy sheriff took charge of their removal and commitment. He supervised the 110-mile automobile journey from Cincinnati to Columbus and accompanied the prisoners.

Hallettsville, waterbound 24 hours, without gas, lights or telephones had overcome a flood shortage and the water supply has been cleared of contamination.

Meanwhile several hundred persons returned to their homes in southwest Arkansas as flash floods caused by near-cloudburst rains began to recede.

Nine inches of rain fell at Texarkana during a 12-hour period. Crops were damaged considerably in all five counties of southwest Arkansas.

Heavy wind and rain caused widespread damage in Oklahoma City Okla. Late last night, flooding several sections of the city smashing windows and injuring several persons.

Rain measuring 3.28 inches fell in about an hour and a half.

TEXAS FLOOD TOLL NOW AT TEN DEAD

\$5,000,000 Loss of Property Counted in Rain Storms

By The Associated Press

Flood waters that brought death and destruction to a wide area in southeast Texas were subsiding today.

The death toll stood at 10 and the estimated damage at \$5,000,000. It was believed all persons had been accounted for in the flood area.

NEW ARENA OF CONFLICT IN EUROPE

Mt. Gilead Solving Housing Problem As Whole Community Lends Hand

Citizens' Non-Profit Plan Used, Work Begun on 10 Houses.

By BOB BYRD

A demonstration of community enterprise believed without a parallel in Ohio is taking form at Mt. Gilead Morrow county seat town of some 2,000 population, where a group of citizens joined forces in a non profit program to relieve an acute housing problem.

Ground was broken yesterday for construction of 10 houses with Mt. Gilead Homes Inc. backing the project. The unusual part of the development is the fact that some 50 Mt. Gilead residents who have no hope of making a penny of profit for themselves are the stockholders of Mt. Gilead Homes Inc. and that their only purpose is to relieve the housing shortage.

The stockholders put up about \$6,000 which at the best they can hope will be returned to them later. Don B. White, treasurer of the group said. They won't get any dividends nor will they receive any interest on their money—the best they can do is get back what they put into it.

However even the most skeptical of the group have little doubt about the ability of the project to pay its own way.

Growing Problem

Mt. Gilead's housing problem has existed for several years but in the last year or two has become more acute. Estimates of the number of persons working in Mt. Gilead and driving each night to homes in nearby towns as far away as Gallon and Bucyrus vary, but it is certain that many families who earn their living in Mt. Gilead spend most of their wages in their home communities away from Mt. Gilead. Businessmen in Mt. Gilead naturally felt something should be done to bring those families into Mt. Gilead, confident that if houses were provided for them they would prefer to live there rather than drive long distances daily to and from work.

In line with this comment was a statement from Chairman Douglass (D-N.C.) of the house ways and means committee that such a tax on individuals didn't work so well during the World war and was dropped after a year.

To help finance the defense program Mr. Roosevelt asked yesterday for a steeply graduated excess profits tax to be applied to all individuals and all corporate organizations probably would be enacted.

The committee voted 11 to 7 on motion by Senator Thomas (R-Idaho) to write Woodring and inform him that if he desired to appear before the committee would be glad to hear him.

Knox and Stimson, both Republi-

cans, were asked about third term talk because of reports that they both Republicans had agreed to enter the cabinet only on condition that Mr. Roosevelt not run for reelection. They both testified there were no such com-

munications.

The two men testified at hearings demanded by Republicans and some Democrats who asked an expression of their views on the question whether the United States should intervene in the European war.

At one point Knox was asked by Chairman Walsh (D-Mass.) of the naval committee whether publicly or privately, he had urged giving military support to the Allies.

"Never," the Chicago newspaper publisher replied calmly.

Knox said his appointment to the cabinet probably was due to the fact that the President and he held similar views on national preparedness and aid to the Allies which he described as "every aid short of war."

This he said means furnishing England all the supplies she is able to buy and pay for short of our organized army and navy."

The testimony touched upon the possibility of war in either the Atlantic or Pacific when Knox said that dangers to United States security in the European situation had caused him to reconsider his previous advocacy of a "strong policy" toward Japan.

I think it is likely that England is defeated," he explained.

"We will be far more gravely menaced in the Atlantic than we have ever been before. We may be forced to choose between the threat in the Atlantic and the threat in the Pacific and it probably would be unwise to precipitate both at the same time."

If the United States attempted to deny the Dutch East Indies to Japan, he said under questioning.

That, "possibly ultimately," might mean war. And should the nation not be able to wage a successful war on Japan singlehandedly, he added, "then we had better not make any threats at all."

Stimson, who served as secre-

tary of state in the Republican ad-

ministration of President Hoover expressed himself as being

against sending troops "beyond

the borders."

"I'm not just being there she said."

EPWORTH CLASS MEETS AT HOME NEAR MARION

A group of friends entertained with a miscellaneous shower last evening at the home of Miss Vaye Jordan of east of Marion for the pleasure of Mrs. Ralph Barton Hammont, formerly Miss Delores Whaley. The tables, at which covers were arranged for 20, were lighted with pink candles tied with bows of ribbon in pastel shades, and crystal bowls held pink rosebuds and sweet peas.

Madge and Lillian Reach Their Hiding Place To Watch the Meeting with Leslie's Men

"I WILL probably need a fender job too!" Lillian commented grimly as she wriggled back to the rear of the station wagon and prepared to guide me while I should back the car into the narrow road path leading from the deserted road where my father's men were to meet. Jack Leslie's gangsters.

I agreed with her as much by inch we maneuvered the car back along path too narrow for it with branches knocking against its sides with every inch. When I could no longer see the opening into the road ahead I stopped but Lillian had other counsel.

"Better get this pretty far back," she said. "You can go forward all right anywhere that you've backed it in and you might as well make a sure job while you're at it. Somebody on the other side might think of this too, and even if they don't, it won't be a bad idea to bottle up."

That Willkie Boy's Pranks Disturbed Oldsters Back Home in Indiana - But He Went Places

This is the second of a series of stories about the boyhood of Wendell Willkie, the man who was once stamped as a Republican party man on the eve of his leadership.

Mrs. Willkie was talking to Edna Willkie Sperry, his wife, when she said in 1917, when the man who was then stamped as a Republican party man on the eve of his leadership.

Mrs. Willkie was talking to Edna Willkie Sperry, his wife, when she said in 1917, when the man who was then stamped as a Republican party man on the eve of his leadership.

"No mistake," laughed Mrs. Willkie. "Wendell got it right. He told me he had met the girl he was going to marry. He had it right so early, because that's how it already was."

Pranks And Prospects

The young Edna Willkie introduced him to her father, a man always in a hurry and never seemed to know where he was going.

Later on, in 1918, after Wendell had volunteered and before he went to France with the field artillery, he went to training camp in Marion, Indiana. His Aunt was living at a chapter and it was the same house away from town.

"Everybody's going to be a great man" said young. The Willkies were married before Wendell went to France.

Wendell Willkie had a way with people only a few could be born always making up his promising future with escapades that made even good friends despair. There was the time when, as college

practitioners. He and his brother took on the entire young force of Bloomington Ind., with their herd lists—and landed in jail.

Chased From Germany

All four of Wendell Willkie's grandparents were chased out of Germany when the Nazis took the revolution of 1918.

Willkie's father settled in 1925 in Elwood, Ind. There were raised the six children of the present Willkie generation—four boys (every one a lawyer) in the accepted American sense, and two girls (daughters).

Elwood early gave up any thought of adjusting the Willkies to conventional small-town life, and made of his accustomed shift to the Willkies.

By the time Willkie was 10, the mothers of the town had grown used to having the rows of Willkie children blocking the gate to games of all kinds of the Willkie clan—dressed deep and satisfied in their own performance of some Shakespeare play in the side yard of their home.

The little Willkie ascended and descended with the Elwood gas boom, but with his wife—the first woman admitted to the bar of Indiana—he hung out a shingle and managed to educate the children, while cleaning up the town's organized vice.

Slow To Decide

But the father believed children should work to find their own niche. The children did, but Willkie was slow making up his mind.

He entered Indiana University at 15, couldn't decide whether he was Jeffersonian democrat or was for or socialist. Between sessions, he tramped the great West, learned to play a dominating game of poker, learned his

Prague, the great decision was in front of him.

Should he, or should he not turn over personal interests of his and his for Congress?

You should not," featured Frank C. Dailey, Indianapolis lawyer.

But what?" quipped Willkie.

Leave that to me," said Dailey.

He Didn't Get Away

Willkie did. He decided to go by the Dailey suggestion, the turning point of the Willkie career. At 18, he became a lawyer with the Firestone Tire and Rubber Co. in Akron, Ohio. There he cut a wide swath, attained in his big black Bill Black suit, he argued for his corporation in courtrooms, and for human liberties off duty and on. By now he was an active Democrat in politics. In a short few years he was a lawyer in a most successful firm, and the eyes of one of the country's biggest utility magnates were on him.

Don't let me get away," pleaded B. C. Dailey, his old mentor, and with his Ohio friends.

And so the star of Wendell Willkie earned him to New York in Willkie time in the great year 1930 and to the fight for a life-up to take his defense of his own utility system against the New Deal TVA in the Tennessee Valley.

School Board Sets Teachers' Salaries, Employs Two More

Miss Jane Gatewood, Miss Maude Stout Given Jobs; \$2,000 Building Repair Program Approved.

to Marion teachers headed for reemployment — E. Holt at a called last month and to elementary and junior high principals. High school vocational subjects will be forwarded in the future, following action at a regular meeting of the education yesterday at administration building. Contracts will be mailed as of yesterday's action passes for the year. With action of a few minor changes, the 1939-40 salary will prevail.

Mr. Holt's recommendation was adopted by the board employed Miss Gatewood, daughter of

Mr. and Mrs. Ray Gatewood of Claridon, and reemployed Miss Maude Stout. Miss Stout was re-employed as an elementary teacher and Miss Gatewood was hired as home economics teacher at the Thomas A. Edison Junior High. Miss Gatewood was graduated from Claridon High school in 1936 and received her bachelor of arts degree from Ohio Wesleyan University in June. She attended the 1939 summer session at Kent State University.

\$2,000 For Repairs

Following a report by Mr. Holt of a recent visit made with Levi Welch, superintendent of buildings and grounds, to all schools in the city system, the board approved expenditure of approximately \$2,000 for materials for repairs, including a sanding machine, floor paint, flat wall paint, stone for the Pearl Street grounds, roofing material for the Pearl Street building, gymnasium floor finish, turpentine and caulk-ing compound.

The board also approved Mr. Holt's suggestion that some improvement be made in flooring of corridors of the Silver Street, Greenwood and Forest Lawn buildings, and that steps be taken to relieve a situation at the Oak Street building grounds, where cinders strewn over the grounds have been washing onto nearby property.

Work on the buildings, now under way, will gain impetus following a meeting of Mr. Welch with all custodians last night at the administration building. Mr. Holt attended the meeting and

assured the men that Mr. Welch's plans for the upkeep of buildings and grounds have the full support of himself and the board. According to Mr. Welch's plans the custodians will be organized into groups, probably of three and assigned to summer duties at the building doing work at which members of the groups are most proficient.

A bill totaling \$4,409.27 were approved.

Reports On Insurance

J. D. Torrance, clerk, reported that on investigation he learned that insurance now carried on the buildings covers all merchandise in the schools, whether purchased by the school or the board. He called attention of the board to the fact that there is no insurance protection of boilers in the heating system, a matter which the board took under consideration.

The board adjourned to the call of the superintendent, pending on completion of a report on filling of vacancies in the teaching staff.

Dobson's Jinx, Plus Wild Pitch, Gives Browns 2-1 Win Over Tribe

Loss Shaves Cleveland's Lead to One Game, Reds Bow to Cards.

BY JUDSON BAILEY

A P Sports Writer
The St. Louis Browns better not expect any more "help from their fellow American league clubs."

The team that finished a poor eighth last year had to be strengthened during the winter and spring by a series of deals following a reported plea for assistance is causing more turmoil than the junior circuit has known in years.

They knocked the Boston Red Sox out of first place ten days ago and last night they undermined the Cleveland Indians' standing with a 2-1 victory. This shaved the Tribe's first place margin to a single game over the Detroit Tigers.

Tribe Outhits Browns

Elmer Auker, who was one of the hand down men sent the Browns in the off season, held the Cleveland sluggers to eight hits. The Browns got only seven.

This was only one of five games in the major leagues yesterday won by the team making the fewest hits.

The St. Louis Cardinals crowded out the Cincinnati Reds 3-2 with a similar maneuver. Tom Warneke gave seven hits but the Cards were rationed on five.

The Brooklyn Dodgers got seven hits and the Phillies eight but Brooklyn triumphed 4-3 with the help of a three-run assault on Hugh Mulcahy in the first inning.

Giants Crush Bees

The Giants crushed the Boston Bees 7-1 although they had only 7-8 hits in hits.

The Pittsburgh Pirates edged out the Chicago Cubs 4-3 in 10

innings although out hit 11-8. Relief Pitcher Claude Pisseau forced over the winning run with a walk in the tenth.

Big Buck Nevin got his 11th straight victory as the Detroit Tigers took the Chicago White Sox into camp 3-1. The Tigers were outhit 6-5.

The New York Yankees and Washington Senators shared 20 hits evenly but the 20th champions easily won 8-4 with the help of five Washington errors and the Wildness of Hall Chase who hit three batters walked four and made two wild pitches.

The day's only game decided strictly in slugs was a #1 triumph by the Philadelphia Athletics over the struggling Boston Red Sox. The A's made 15 hits.

BY CYRUS CLUB BOOKED

The Marion Eagles baseball club has booked a series of three games with the Puerto Rican Aulli team to be played at the latter's home park. A doubleheader is scheduled for July 4 and one game will be played Sunday, July 7. Practice will be held for members of the "Urin" team at 5:30 p.m. Wednesday at Lincoln park. Anyone interested in trying out for the Eagle team may do it this time.

PERON GETS DECISION

By The Associated Press
COLUMBUS July 2 — Patsy Peron, 188 Canton, decided Eddie Winston, 198 Hartford Conn., in a 10 round bout here last night, cleaning the decks for a second encounter with Dick Buddy Walker, undefeated Columbus Negro next Monday. Peron fought Walker to a 10 round draw April 1.

SPORTS THE MARION STAR

Six Indians Go To All-Star Game

Six members of the Cleveland Indians, leaders of the American League, will be members of the junior circuit team in the annual All-Star baseball game in St. Louis July 9. Left to right: C. H. R. Rollie Hemmey, Pitcher Al Milner, Third Baseman Ken Keltner, Shortstop Lou Boudreau, Second Baseman Roy Misk, and Pitcher Bob Feller.

Dempsey, Lacking Fire of Old Days, Floors Clumsy Wrestler In Comeback

By The Associated Press

ATLANTA July 2 — The city of the crowd and the clank of the cash register beckoned middle aged Jack Dempsey down the comeback trail today after his lopsided knockout of a tubby wrestler.

It took the old Massass Mauler only four minutes and 58 seconds last night to pound Cleburne (Buttie) Luttrell into insensibility and before the flabby 221 pound grappler regained consciousness the former heavyweight champion's glad-handers were assuming him that he was the "Old Dempsey."

Dempsey, weighing 205 pounds did not carry power in his 13 year old fists but his blows were landing on a practically defenseless hulk and when they finished their bloody work before his equally fat legs were called on to prove their staying power.

Fresh from a triumphant struggle through a yelling crowd of

pun-hungry fans—he was hit harder by the kick slappers than he was by Luttrell—Dempsey sat puffing slightly on his rubber Gold and said: "I need more work when asked if this bizarre return to the ring heralded a serious campaign.

The turnout of about 10,000 paid and the gross of \$15,000 was well below advance estimates of promoters.

All through the first round

Dempsey poured on the punishment for the most part like a maverick in sharp contrast to the lightning fast short willows of his championship days.

In the second Dempsey was puffing a bit but soon battered the clumsy grinner to the canvas twice for counts of seven and eight before smacking him completely out of his ring with a left that started from his shoe tips.

Dempsey, weighing 205 pounds did not carry power in his 13 year old fists but his blows were landing on a practically defenseless hulk and when they finished their bloody work before his equally fat legs were called on to prove their staying power.

Fresh from a triumphant struggle through a yelling crowd of

pubs and write pep letters to his fat pupils in Rochester. What does a guy have to do to make the All Star team? Here's Detroit's Barney McCloskey hitting round 350 leading in runs scored tied for triples and covering center field like an old recht tent—but doesn't get a tumble.

Good News

Says General Phelan of the N. Y. boxing commission: "What does a guy have to do to make the All Star team?" Here's Detroit's Barney McCloskey hitting round 350 leading in runs scored tied for triples and covering center field like an old recht tent—but doesn't get a tumble.

Incomplete Report

The official report on El Galento's busted chin was a bit vague. It said the abrasion was on the fleshy part of the chin but neglected to say which one

Tony Berg will officially fight July 8. She signed with Chicago golf supply house and tour the country lecturing and giving demonstration—the dialogue between Mr. & Mrs. Galento prior to the bashing was a pip but can't be produced here since this chapter isn't printed on asbestos. Benny McCoy still receives more requests for autographs than Connie Mack. Mel Ott has thrown his glasses away—better without 'em he says.

Today's Guest Star

Lee Burton, N. Y. Journal American: "Between them Max Bieler and Tony Galento have been beaten at least 34 times but they can still talk the public into coming around."

Arch Ward says in the Chicago Tribune Sonja Henie and Don Topping owner of the Brooklyn Dodger football team will wed within the next few days. Bill Southworth isn't too busy bossing the Cardinals to take time out

TONY-MAX DUEL FOR Greenwood Holds Lead "CROWN OF CLOWNS" After No. 2 Loop Victory TONIGHT AT JERSEY

Greenwood grabbed undisputed posse of 1st place in Sunday school No. 2 League last night as Lu eran bowed before Epworth Wesley forfeited to First Reformed Bethel and First Reformed Salem and Salem played a 10-inning tie game in the other league games.

Greenwood chalked up its sixth victory of the season by defeating St. Mary's 6-5 in Garfield park. The Indians erased the plate three times in the second inning, gained an early lead which was closed in the sixth when St. Mary's killed the tie. The league leaders then had in their half of the sixth and scored 10 runs to 2 to open the season again. Greenwood is now a full game ahead of no second place Lutheran team.

The Indians collapsed comically in the eighth, with Epworth Wesley's 10 runs crossing the plate in the ninth as they won 13-3. Both teams failed to score in the top of the ninth. (Turn to BASEBALL Page 13)
